2. HOW TO MAKE AN APPOINTMENT TO BE VACCINATED ?----------
As a reminder, making an appointment is possible:
• Via the website https://www.sante.fr/;
• At a pharmacist, a town doctor (general practitioner, specialist doctor, or occupational physician), a nurse or a midwife for AstraZeneca, Janssen and Moderna vaccines;
• Via the local systems made available to help make appointments;
• In case of difficulty, via the national toll-free number (0 800 009 110) which allows you to be redirected to the telephone switchboard of a center or to obtain support in making an appointment.
In order to specifically support people aged 65 and over wishing to be vaccinated and who have not yet been able to make an appointment, various national out-of-home systems are now deployed:
• A campaign of outgoing calls from Health Insurance aimed at people over 65 who have not yet been vaccinated;
• A dedicated skip-the-line number: this number is indicated in an SMS sent by Health Insurance to people aged 65 and over who have not been vaccinated.
Anyone aged 18 and over can now make an appointment. New slots will be put online every day on dedicated platforms.
New professionals have been authorized to vaccinate since May 12:
- Physiotherapist masseurs;
- Nursing assistants;
- Childcare auxiliaries;

- The ambulances ;
- Holders of "level 2 team first aid (PSE2)" training, which will include in particular civil security volunteers;
- The maieutics students.
